Adobe Creative Cloud site license

Flexible licensing options for primary and secondary schools and districts

Bring Adobe Creative Cloud to your school or district with affordable, easy-to-manage site licensing options available through the Adobe Value Incentive Plan (VIP). You'll enhance teaching and learning while helping students develop essential digital skills for college and career success.

Site license benefits:

- **Universal access**—Give your students, teachers and staff access to the latest industry-leading creative software so they can design, share and publish compelling communications across all media and devices.

- **Budget predictability**—A low-cost, flat-fee, single-license purchase with one annual or multiyear contract for school-owned or leased computers, with the ability to cover more at the time of purchase.

- **Flexible deployment and management**—Designed for an individual school or district, a site license offers a web-based Admin Console that makes it easy to centrally manage and deploy licenses.

- **Classroom and home use**—Schools have the flexibility to use licenses for in-classroom deployment, including BYOD environments, or at home on teacher-owned machines.

- **Free instructional resources**—Your educators can access the Adobe Education Exchange for free professional development, teaching resources and peer-to-peer collaboration to help them get up to speed on Creative Cloud apps and ignite creativity in the classroom.

Flexible Purchasing Options

Adobe now offers two great options to schools and school districts - simply choose the licensing model that works best for your school. Or implement both licensing options. All Adobe Creative Cloud K12 Site Licenses can be easily managed through a single administrator console in the Adobe VIP Admin Console.

Adobe Creative Cloud K12 School Device Licenses:
- Device Licenses for each computer, rather than each user, with rights to install on one computer per license.
- Perfect for implementation in computer labs or environments where multiple users must share a computer.
- Complete set of Adobe Creative Cloud desktop applications (services not included).
- Scalable software deployment for a single school site with a Minimum purchase of 100 Licenses.
- Scalable software deployment for a School District with a Minimum purchase of 500 Licenses.
- Flexible site license with terms from 1-4 years.

Adobe Creative Cloud K12 School Named User Licenses:
- Named User Licenses for each student, teacher or staff member - rather than licensing computers.
- Named user licenses allow students and teachers to log in and access Adobe's apps and services from anywhere and on any device.
- Complete set of Adobe Creative Cloud desktop applications, file sharing and syncing, 2GB of storage, all the latest mobile apps, Behance and access to advanced 24/7 tech support and product experts to get you up and running fast.
- Scalable software deployment for a single school site with a Minimum purchase of 500 Licenses.
- Scalable software deployment for a School District with a Minimum purchase of 2500 Licenses.
- Flexible site license with terms from 1-4 years.

Creative Cloud for education†

Always have access to the latest Adobe creative desktop apps.

What it's used for

Design tools

Adobe Photoshop CC	Edit and composite images, use 3D tools, edit video and perform advanced image analysis
Adobe Illustrator CC	Create vector-based graphics for print, web, video and mobile
Adobe InDesign CC	Design professional layouts for print and digital publishing
