

## FREE ACTEM Membership for First-Year Educators

*NEW First-Year Educators Membership Level*

At the recent annual summer board retreat, a new ACTEM membership level was discussed and created for first-year educators (teachers & administrators). The new First Year Educator level will be offered at no cost and will include all of the standard individual member benefit **except for the opportunity to apply for Professional Development reimbursement.**

The ACTEM board hopes that by offering this one-year FREE membership for our new educators, we will be encouraging them to...

- Attend our conference (at discounted member rate)
- Take advantage of the other ACTEM individual member benefits
- See the benefits of belonging to a professional organization
- Hopefully continue with this membership in future years.

The **First Year Educator membership** includes these benefits:

- ACTEM's quarterly newsletter - ***The Connected Educator***
- Lunch at the quarterly business meeting regional sites
- Discounted registration fee on the ACTEM fall conference
- Access to ACTEM's [Sora/OverDrive eBook and audio book PD library](#)
- Discounts on software & other items available through our purchasing consortium (as permitted by the vendor).

Check out the [What is ACTEM](#) tri-fold brochure that explains more about ACTEM along with details of benefits for the different member levels.
